

Check Point Certified Endpoint Specialist (CCES) R81

Kód kurzu: CCESR

Tento dvojdňový kurz pre špecialistov poskytuje komplexné znalosti o riešení Check Point Endpoint Security a jeho nasadení vo firemnom sieťovom prostredí. Naučte sa základné koncepty a rozvíjajte zručnosti potrebné na správu riešení Harmony Endpoint Security.

Čo Vás naučíme

- Understand the emergence of increasingly more sophisticated cyberattacks and the need to protect endpoints.
- Explain the advantages of Harmony Endpoint as a security solution.
- Become familiar with the growing Endpoint Security Market.
- Describe the key elements of the Harmony Endpoint Architecture.
- Describe the Harmony Endpoint Management Environment.
- Understand Check Point's Infinity Portal.
- Explain the new Harmony Endpoint Web Management Service.
- Identify main features of the Harmony Endpoint Management console.
- Explain how to create and assign security policies for Endpoint clients using endpoint security.
- Understand deployment methods and server considerations for Endpoint Security Management installation.
- Identify the different ways to install and configure Endpoint clients.
- Understand how Endpoint Security authenticates and verifies clients connecting to the Endpoint Security Management Server.
- Describe additional server configurations that are available to help manage Endpoint clients.
- Recognize the different types of data security available to deploy on end user machines.
- Describe how Full Disk Encryption technology protects and recovers data accessed and stored on Endpoint computers.
- Understand how to secure removable media devices.
- Understand how Harmony Endpoint is defending company networks against sophisticated attacks.
- Describe Check Point Harmony Endpoint Agent.
- Explain how Harmony Endpoint Agent's advanced technologies are preventing attacks from infiltrating Endpoint machines and corporate resources.
- Become familiar with Harmony Endpoint troubleshooting methods.
- Understand how to troubleshoot and debug issues that may occur in the Endpoint Security environment.

Požadované vstupné znalosti

Working knowledge of Windows, UNIX, networking technology, the Internet and TCP/IP security solutions.

Študijné materiály

Príručka ku kurzu firmy Check Point podľa programu kurzu.

Osnova kurzu

Data Protection

Zero-Day Detection

Behavioral Guard

Deployment

Anti-Malware

Anti-Bot

Automatic Remediation

Threat Emulation

Threat Extraction
